SUMMARY

Information Technology undergraduate with strong foundation in JavaScript and Full Stack Web Development. Hands-on experience through internship in building scalable web applications using Java and MySQL. Currently strengthening expertise in React for modern web application development. Passionate about writing clean, maintainable code and contributing to product-based environments like Conversight AI.

EDUCATION

- B.Tech-Information Technology, Hindusthan College of Engineering and Technology in Coimbatore.
- 2023-Present | CGPA: 7.77

CLASS X & XII

- Baghavan Sree Ramakrishna Matric Higher Secondary School in Hosur.
- Completed in 2021 & 2023
- X - All Pass
- XII Percentage: 68.5

SKILLS

- Programming : Java, Python
- Concepts: OOPS, Data Structure
- Database: SQL, Firebase
- Tools: Git, GitHub, VS Code, Eclipse, Postman
- Frameworks: HTML5, CSS, JavaScript
- Effective Communication
- Critical Thinking
- Leadership
- UI&UX Design

LANGUAGES

- English
- Tamil
- Telugu (intermediate)
- Kannada (intermediate)

INTERNSHIP

JUNE 5, 2025 – JULY 5, 2025

Main Flow Services and Technologies Pvt. Ltd.

- Developed and maintained dynamic web applications using Java, and MySQL.
- Designed responsive UI components using HTML, CSS, and Bootstrap.
- Practiced code debugging and performance optimization.
- Collaborated in a team-based development environment following SDLC process.

PROJECTS

Expense Tracker Mobile

Application Technologies: HTML, CSS, JavaScript

- Developed a fully responsive personal portfolio website.
- Implemented interactive UI components using JavaScript.
- Applied DOM manipulation and event handling for dynamic behavior.
- Ensured cross-browser compatibility and optimized loading speed.

AI Gesture & Voice Control System

Technologies: Python, OpenCV, MediaPipe, PyAutoGUI, SpeechRecognition

- Developed a real-time gesture and voice-controlled desktop automation system using Python.
- Used MediaPipe and OpenCV for hand tracking and webcam-based action control.

CERTIFICATIONS & WORKSHOP

IoT Workshop Participant

Anna University

- Attended a hands-on IoT workshop at Anna University, learning basics of sensors, microcontrollers, and IoT applications.
- Gained practical knowledge in real-time data communication and smart automation systems.

Certifications

- NPTEL – Cloud Computing: Learned cloud architecture, virtualization, and deployment models.
- Infosys Springboard – Prompt Engineering: Developed skills in designing effective prompts for AI systems.
- Infosys Springboard – Generative AI: Gained understanding of AI models and practical AI applications.
